

What we do in post 16

In post-16 we do a lot of independent traveling on the buses to Wells, Bath and other places or we walk down to Midsomer Norton then we get the bus back. We do some unit work as part of our qualifications. We also get a work experience placement as one of our interests that we like that gets organized by the head coach as work experience. In post-16 we also do enterprise which is when we make stuff and try and sell it and we spend some of the money to go on a trip at the end of the year that we all want to go on we made tea cup candles, with all different kind of scent and colours for Christmas, Easter we made easter egg chicks that we decorated ourselves and jars with little choc eggs in. We've also done osions out of old t-shirts and put slugs or a pillar in them. We are also saving up our enterprise money to pay for 2 big trips that we can all go on. We have a lot of fun in post-16 we also get to make new friends.
